– made in Italy –

Stereo

Stereo is a complete and wide range of seats available in the Stackable version, with legs in metal rod, Metal, with thick metal legs and Wood, with legs in natural oak or solid Canaletto walnut.

The chair shell is produced with Polygiene technology, which uses tiny amounts of silver salt to inhibit the growth of bacteria, thus preventing smells and guaranteeing skin hygiene.

An open, versatile design with multiple possibilities of use and placement. Stereo offers the choice of different color, material and functional combinations. The polypropylene shell, polished in the back and matt in the front, can be padded and covered both frontally and totally (front/back).

# Designer

Luca Nichetto

Luca Nichetto was born in 1976 in Venice, where he studied at the Art Institute. Afterwards he attended the University Institute of Architecture of Venice (IUAV), where he earned a degree in Industrial Design. He began his professional career in 1999 by designing his first projects in Murano glass for Salviati. That same year he began his collaboration with Foscari, for whom he not only designed products, but also worked as a consultant on new materials research and product development (2001–2003). In 2006 he launched his own design firm, Nichetto&Partners, which specializes in industrial design and offers its services as a design consultancy. In 2011 he also opened another professional office in Stockholm, Sweden.

Nichetto has been awarded a number of international prizes, including the Gran Design Award (2008), the Chicago Athenaeum Museum of Architecture's Good Design Award (2008), the IF Product Design Award (2008) and the Elle Decoration International Design Awards' (EDIDA) Designer of the Year award in the Young Designer Talent category (2009).

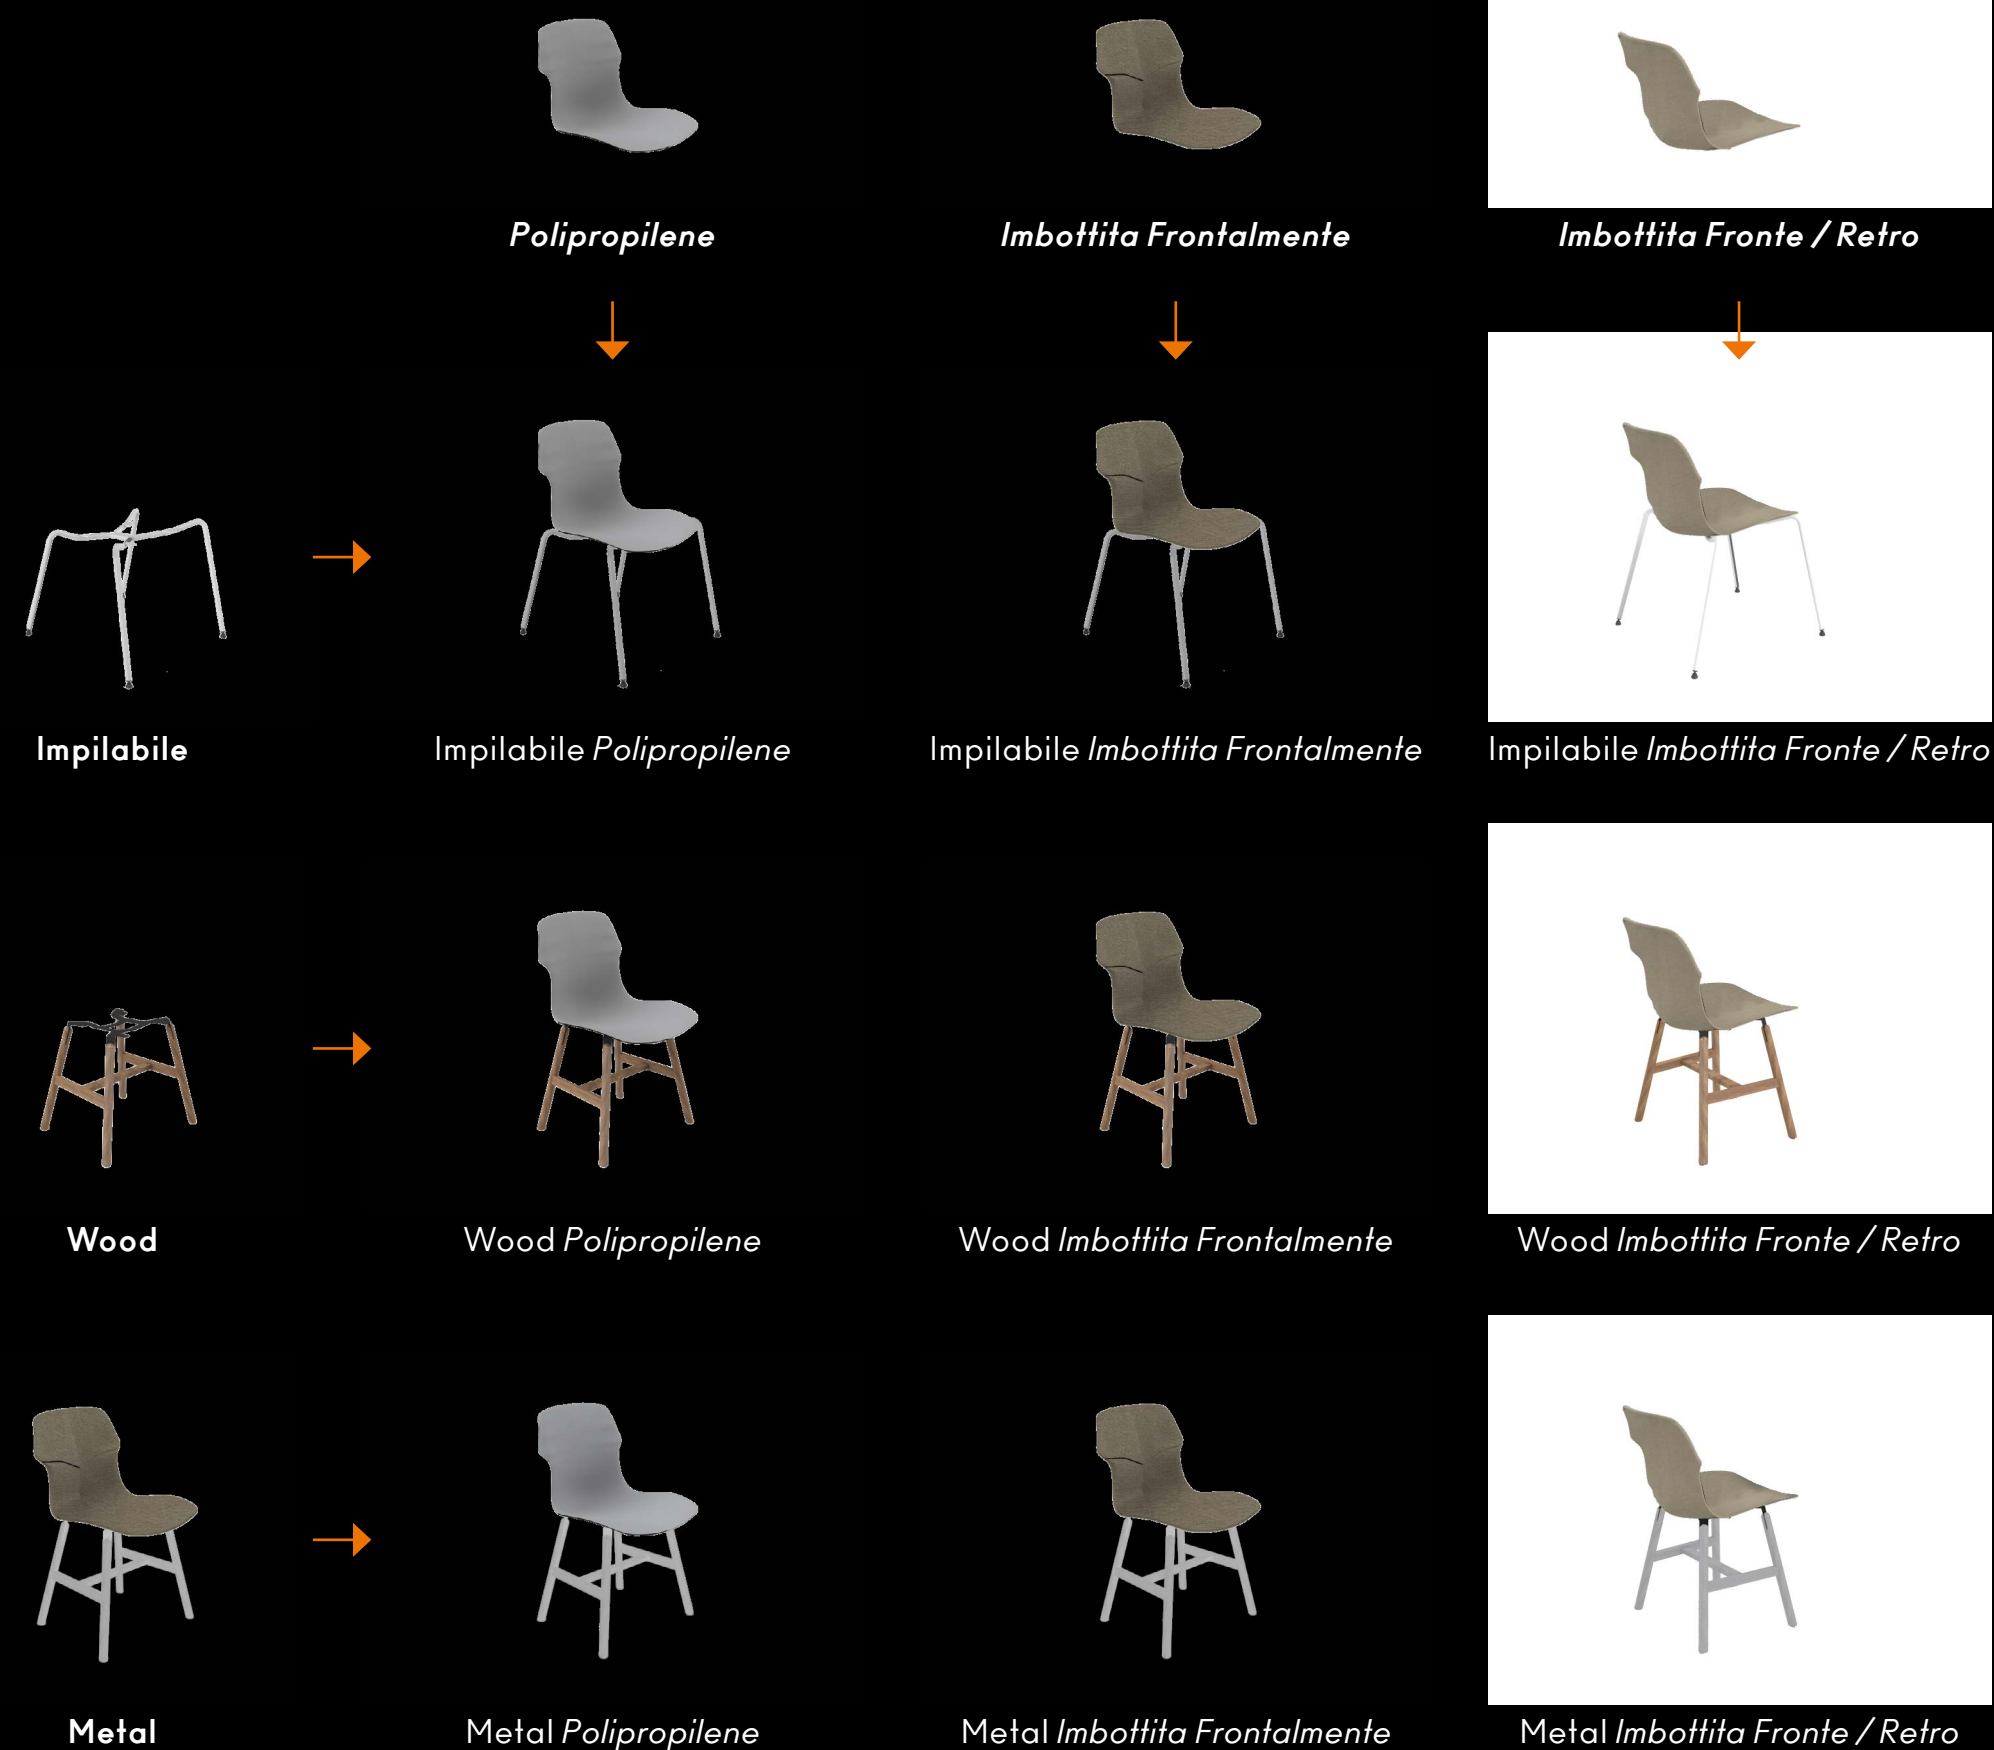

Apart from participating in various design exhibitions in Europe, the U.S and Japan, Nichetto has also been the subject of important retrospective shows mounted in prominent European cities, including Venice, London, Paris and Stockholm, and he has served as art director for a number of international design events.

# Stereo Family

CASAMANIA / Luca Nichetto, 2008-2015

Stereo is a versatile seating family with multiple uses. Three models, which differ in their legs:

**Stereo Impilabile** (Stackable), with the metal legs made so that the various seats can be stacked.

**Stereo Wood**, with solid wood legs.

**Stereo Metal**, with metal legs, also suitable for outdoor use.

Each of these models can be fitted with 3 types of seat shells:

**Polipropilene** (polypropylene), without upholstery.

**Imbottita Fronte / Retro** (padded front and back) upholstered in fabric, leather or faux leather.

**Imbottita Frontalmente** (front upholstered), covered only in the seat part, leaving the polypropylene shell visible on the back.

Key to symbols

Protected outdoor  
Protected product suitable for protected outdoor areas (e.g. covered verandas).  
Not suitable for environments with rain, fog, dew or persistent humidity.  
Shelter in a closed area is necessary overnight.  
Products made from natural materials are however subject to deterioration.

Rain  
Product suitable for outdoor environments with normal atmospheric precipitation.  
In case of persistent rain, shelter in a protected area is necessary. Products made from natural materials are however subject to deterioration.

Seaside  
Product suitable for sea areas or with salt spray.  
Wash frequently.
